

AD PRO offers the best in an exhibit basic - the pop-up panel display system.

Rigid, versatile and easily updated, pop up exhibits provide a practical exhibit solution.

These display systems are available in a large range of fabrics and can also be designed as a large wall/panel graphic system.

Shown at right are standard fabric configurations. Below are fabric color selections.

10ft Flat Wall Panel

10ft Curved Wall Panel

20ft Gull Wing Panel

20ft Serpentine Panel

AD PRO developed these exhibits - top left - fabric panel 10' fabric pop up with backlit sign and graphics for American Honda Motor Co., Inc.

... and the bottom right using a custom “curved-straight” backwall set up with AD PRO designed graphic panels for TASIN

AD PRO provides the latest in Tension Fabric Displays.

Lightweight, yet sturdy, these exhibits are known for their quick set-up and graphic impact.

AD PRO's creative team develops graphics that communicate to your audience with maximum visual impact while maintaining brand integrity.

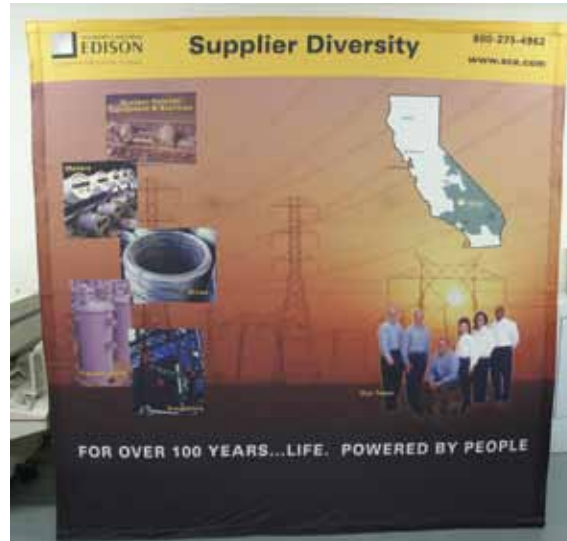

88x88" Tension

3x3 Tension Panel

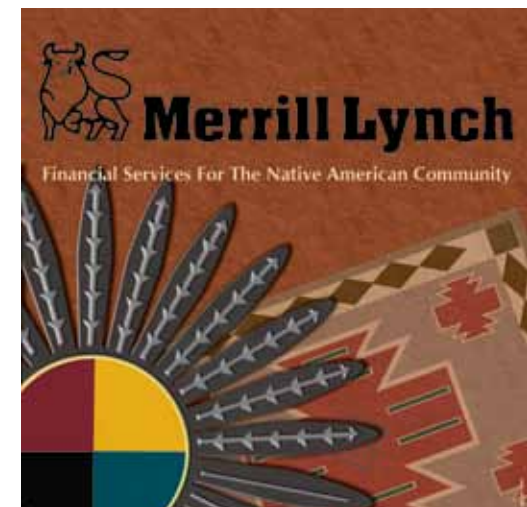

AD PRO developed these exhibits - top left - tension fabric 88x88" pop up for Los Angeles Department of Water and Power.

middle - for Southern California Edison

... and bottom right with a custom designed Native America graphic for Merrill Lynch

AD PRO develops large scale custom exhibits utilizing several exhibit design tools, including collapsable truss systems, tension backwalls and Nimlok kits.

Illustrated at right are just a few ideas of large scale custom exhibits to stimulate planning discussions.

10x10 Collapsible Truss Kit

Island with ID Tower Truss Kit

Nimlok Back Wall With Truss Bridge Kit

A 20x20' custom truss exhibit for American Honda Motor Co., Inc.

A 20x10' custom backwall with bridge and cabinets exhibit for Sempra Energy utilities

... and the bottom right a tension backwall exhibit with bridge and video system for PG&E

AD PRO is a banner stand specialist. Indoor or outdoor, we utilize the best systems with eco-friendly prints and a new eco-friendly bamboo back system for indoor use.

The Ascend system in the lower right corner offers some interesting options including optional adjustable height usage.
